

ASIA AGRI-TECH EXPO & FORUM

Innovation | Sustainability | Connections

6–8 May, 2026
ICC Tainan, Taiwan

Organiser

informa markets

Innovation | Sustainability | Connections

The 10th **ASIA AGRI-TECH EXPO & FORUM**, **LIVESTOCK TAIWAN** and **AQUACULTURE TAIWAN (AAT)** bring together leading global suppliers in agriculture, aquaculture and livestock technology.

Highlighting **Innovative Technology**, the exhibitions present smart solutions including AI-driven equipment, advanced seeds and seedlings and sustainable farming inputs. With **Green Sustainability** as a core value, the events highlight environmentally friendly practices and solutions for the circular economy. Through **Resilient Connections**, the platform facilitates international business matching, cross-industry collaboration and resource integration to strengthen global cooperation.

Tainan, located in the heart of Taiwan's agriculture, aquaculture and livestock industries, offers significant geographical advantages. The exhibition will be held for the third time at ICC Tainan, adjacent to the Tainan High-Speed Rail Station—providing a convenient hub for industry exchange and innovation.

| MARKET OPPORTUNITIES

	Taiwan Local Opportunities	International Expansion Opportunities
 AGRICULTURE	<ul style="list-style-type: none">• Strong subsidies support from the government for smart farming and low-carbon sustainability, modern machinery and automation.• Government policies incentivise precision agriculture and food security solutions.• Ageing farming population accelerates the demand for automation and digital tools.	<ul style="list-style-type: none">• With Taiwan serving as a showcase market, successful models can be expanded to Southeast Asia.• Collaborate with local R&D and manufacturers to accelerate localization.• Leverage international buyers at the show to reach the broader Asian market.
 LIVESTOCK	<ul style="list-style-type: none">• Ageing facilities & generational transition create a demand for new technologies.• High demand for animal disease prevention & health management solutions.• Government funding supports facility upgrades and biosecurity improvements.	<ul style="list-style-type: none">• Demonstrate animal nutrition & health solutions in Taiwan to build credibility abroad.• Using Taiwan's supply chain to co-develop competitive solutions Internationally.• Connect with Southeast Asian buyers gathered at the show.
 AQUACULTURE	<ul style="list-style-type: none">• Strong government investment in smart aquaculture transformation creates significant opportunities.• Growing demand for RAS (recirculating aquaculture systems) & environmental monitoring.• Expanding market for cold-chain logistics and processing facilities.	<ul style="list-style-type: none">• Establish pilot projects in Taiwan as the international demonstration hubs.• Scale sustainable aquaculture & energy-saving solutions to Southeast Asia.• Great cooperation opportunities with global buyers through the exhibition.

EXHIBITOR TESTIMONIALS

CHARCO SCIENCE & RESEARCH CO LTD

Mr. Hao-Hsuan Cheng, Chief Operating Officer

Having participated in the AAT multiple times, I highly appreciate its professional planning and quality business opportunities it offers. The show not only attracts the buyers from southern Taiwan but also traders from America. Our cooperation with the American traders gave us confidence in expanding our business overseas. I sincerely invite the agriculture industry players to participate in the show in 2026, seek cooperation with domestic and international buyers, and promote Taiwan's agriculture technologies abroad.

YU PENG AUTOMATION CO LTD

Mr. Yu-Pin Chen, President

Participating in AAT for the first time, I deeply felt the upgrade of the competitive advantage of Taiwan's agriculture and dairy farming technologies. Thanks to Informa Markets for providing such an international platform for us to discuss cooperation with global players and gain valuable insights. This was a precious experience for us, and for promoting Taiwan's agriculture on the international stage.

TWO-SHOULDER AI CO LTD

Mr. Wei-Hao Chuang, Director, Smart Agri Dept

Through AAT, we successfully showcased our innovative achievements in AI smart farming and livestock housing. Moving forward, we will continue focusing on technology integration, looking for business cooperation overseas, aiming to lead the Taiwan livestock industry to a new high of efficiency, intelligence and sustainability.

TAIWAN AGRICULTURAL STRUCTURES ASSOCIATION

Dr. Jyh-Rong Tsay, Ph.D., Chairman (Former DDG of TARI)

The association led a delegation to participate in the AAT held in Tainan, deeply feeling that the exhibition was closely connected to agricultural practices and injected momentum into the upgrading of Taiwan's agricultural facilities. Many members expanded their markets and promoted technical exchanges through this event. The association hopes to continue cooperation in the future, broadly inviting industry players to participate, consolidating innovative energy, and promoting the agricultural facilities industry toward internationalization.

GREAT WALL ENTERPRISE CO LTD

Dr. Peter Chang, GM, Animal Husbandry Group

As global awareness of food safety, environmental protection, and sustainability continues to increase, Taiwan's aquaculture and livestock industries are encountering both significant challenges and opportunities. Informa Markets plays a crucial role in driving this transformation.

Through Aquaculture Taiwan and Livestock Taiwan, we aim to highlight Taiwan's strengths and potential in these areas while exploring future development pathways together. We wish for the exhibitions to be a great success and bring fruitful outcomes for all participants.

VISITOR TESTIMONIALS

AGRO-GREEN INT'L CO LTD

It was our honour to join the Asia Agri-Tech Expo and Forum organised by Informa Markets. The event impressed us with its products in agri-tech, sustainable solutions, and numerous international exchanges. ITRI's smart mowing robot can significantly address labour shortages. We thank the organiser of the event and look forward to advancing sustainable agriculture in the Asia Pacific.

AACI Mr. Abdul Hamid, Chairman

It was an honor to attend the Asia Agri-Tech Expo & Forum. We were seeking agricultural technology solutions to tackle climate challenges, especially greenhouse facilities which are still uncommon in Indonesia. This exhibition allowed us to meet suitable suppliers and explore cooperation opportunities. We are grateful for the fruitful matchmaking and will invite more Indonesian partners to join next year.

NATIONAL TAITUNG UNIVERSITY

East Taiwan Bio-economic Center

Our center joined the AAT with Taitung County Government, Agricultural Research and Extension Station, export packaging factories, and fruit farmers. The show showcased smart agricultural technologies and innovative applications, opening new possibilities for the future of agriculture. Through exchanges with experts, we gained valuable insights and look forward to fostering industry-government-academia collaboration toward smart and sustainable agriculture.

TUNGHAI UNIVERSITY

Mr. Cheng-Wei Liu, Director, BIQA Program

The Asia Agri-Tech Expo & Forum highlighted smart agriculture and sustainable development, showcasing Taiwan's future direction through multimedia and product displays. Smart technologies in livestock farming demonstrated innovations from feed formulation to animal welfare. This visit broadened our horizons and inspired deeper interest in advancing the agri-livestock industry.

FEATURES

ASIA AGRI-TECH EXPO & FORUM, LIVESTOCK TAIWAN, and AQUACULTURE TAIWAN are the most international & professional B2B exhibitions in the related industries in Taiwan.

- ✓ The shows integrate the entire industry, showcasing the complete agriculture, aquaculture, and livestock supply chains, thereby satisfying buyers' procurement needs under one roof.
- ✓ The shows feature the new products and latest technologies.
- ✓ 50+ industry forums and seminars where the key industry leaders, government officials and academic professors exchange ideas that bring the industries to the next level.
- ✓ The annual meeting place for industry associations from various countries to seek cooperation.

EXHIBIT PROFILE

AGRICULTURE

- ✓ Agri Machinery & Automation
- ✓ Smart & Precision Agriculture
- ✓ Digital Agriculture & Platforms
- ✓ Agri Consumables & Inputs
- ✓ Fertilizers & Soil Enhancers
- ✓ Agri Energy & Sustainability
- ✓ Plant Factory & Aquaponics
- ✓ Post-Harvest & Packaging
- ✓ Crop Health Monitoring & Management
- ✓ Plant Nutrition & Biostimulants
- ✓ Greenhouse & Environmental Control
- ✓ Irrigation & Water Resource Management

LIVESTOCK

- ✓ Animal Nutrition & Health
- ✓ Biosecurity & Disease Prevention
- ✓ Livestock & Poultry Farming Equipment
- ✓ Egg Washing, Grading & Packaging Equipment
- ✓ Manure Treatment & Recycling
- ✓ Smart Livestock & Data Management
- ✓ Dairy Equipment
- ✓ Primary Meat Processing
- ✓ Cold Chain & Freezing Tech
- ✓ Hygiene & Sanitation Equipment
- ✓ Wastewater & Waste Treatment
- ✓ Slaughtering Facilities & Tools
- ✓ Traceability & Labeling Systems
- ✓ Uninterruptible Power Systems (UPS)
- ✓ Energy Storage & Renewable Integration

AQUACULTURE

- ✓ Aquatic Feed & Additives
- ✓ Feed Processing Equipment
- ✓ Smart Aquaculture & Data Platforms
- ✓ Water Quality & Environmental Control
- ✓ Aquaculture Farming & Equipment
- ✓ Disease Prevention & Health Management
- ✓ Sustainable Aquaculture & RAS
- ✓ Aquatic Seedling & Breeding Technology
- ✓ Energy Storage & Renewable Integration

TARGET BUYERS

- Importers, exporters, distributors, and agents
- Agricultural product suppliers
- Agricultural processing operators, distributors and farm owners
- Food exporters, wholesalers and retailers
- Food processing manufacturers
- Farmers' cooperatives and marketing cooperatives
- Government and academic research institutions

TOP 5 Most Wanted Products Profile

AGRICULTURE

01. Smart agricultural equipment and systems
02. Vegetable, fruit, and flower seeds/seedlings
03. Agricultural machinery
04. Biotechnology applications
05. General fertilizers / pesticides

LIVESTOCK

01. Breeding livestock and poultry
02. Feed and feed ingredients
03. Feed additives
04. Breeding, artificial insemination, and embryo technologies
05. Smart/precision livestock farming solutions

AQUACULTURE

01. Feed and feed ingredients
02. Feed additives
03. Veterinary medicines and vaccines
04. Aquaculture seedlings
05. Intelligent aquaculture and Internet of Things (IoT) systems

EXHIBITOR FEEDBACK

- 80% were satisfied with the overall exhibition performance
- 79% will continue to participate in this exhibition
- 76% would recommend colleagues to attend
- 90% expressed satisfaction or high satisfaction with visitor quality
- 80% were satisfied with visitor traffic performance
